DESCRIPTION

The Kara chair marries contemporary Nordic design with ecological sustainability. Crafted from locally sourced pine wood, it demonstrates a commitment to minimal environmental impact through reduced material waste. While solid in construction, the chair's stackability enhances practicality for various spaces. Its design features elegant details, precise proportions, and geometric lines, creating a visually striking aesthetic. This blend of functionality and style, grounded in eco-friendly principles, makes the Kara chair a distinguished choice for modern interiors, showcasing how beauty and sustainability can harmoniously coexist.
